

# Biosolids Land Appliers Certification

## General Instructions

1. Please read and follow all instructions carefully and **complete all sections** fully and accurately.
2. Application review fee is \$120.00. **All fees are non-refundable.** Make check or money order payable to: Association of Boards of Certification.
3. In most situations, an examination is required. Additional proctoring fees will be assessed by the proctor. If you have completed an ABC Standardized Examination in the past 4 years, you may seek recognition of your results by submitting details of the exam administration (date, location, etc.) and documentation of your score with your application.
4. If you are not currently certified, you must meet the listed certification standards in order to take an ABC exam. You must begin with the Class I Exam and advance in sequence.
5. If you are currently certified, you may earn an ABC certification comparable to your existing certification by:
  - Submitting documentation that verifies your existing certification is active and in good standing;
  - Referencing the Certification Matrix and applying "by Reciprocity" for the indicated ABC certification;
  - Submitting documentation that demonstrates you meet the eligibility criteria of the desired certification; and
  - Passing the corresponding current standardized examination.
6. You must complete a separate application for each type of certification you wish to receive.
7. If after 4 weeks you have not received an update on your application, call us at 515.232.3623.
8. Mail completed application to: ABC • 2805 SW Snyder Blvd., Suite 535 • Ankeny, Iowa • 50023 OR [certification@abccert.org](mailto:certification@abccert.org)

---

## CERTIFICATION REQUIREMENTS

The following are the certification, examination, education and experience requirements for the Class I and Class II Biosolids Land Applier certifications. You must first be certified at the Class I level before applying for Class II certification.

### Class I- Field Operator

- High school diploma, GED or equivalent
- 2 years of acceptable experience in a Class I position
- Take and pass the ABC Class I Biosolids Standardized exam with a score of 70% or above.

### Class II-Manager

- Hold an active Class I Biosolids Land Application certification
- High school diploma, GED or equivalent
- 1,800 contact hours (180 CEUs) of post high school education in the environmental control field, engineering or related science
- 4 years of acceptable operating experience in a Class I position
- Take and pass the ABC Class II Biosolids Standardized exam with a score of 70% or above.

---

## SUBSTITUTION OF EDUCATION AND EXPERIENCE

ABC permits substitution of the education and experience requirements. Substitutions may not exceed 50% of any requirement except as noted. Education or experience which has been used as a substitution may not be reused to meet the education or experience requirements. Decisions on the acceptance of substitutions will be made on a case-by-case basis.

### Experience for Education

- For Class I and II, one year of operating experience may be substituted for one year of high school without limit.
- For Class II, a maximum of two years of experience in a Class II position may be substituted for 900 contact hours.

### Education for Experience

- Education used as substitution for experience must be formal post-high school education in the environmental control field, engineering or related science.
- For Class I, a maximum of 450 contact hours may be substituted for one year of operating experience.

### Related Work Experience

- Related experience in another type of environmental control utility, in another non-municipal residuals land application facility, or in another environmental certification category may be credited toward the experience requirement.
- Related experience may only be substituted for up to 50% of the experience requirements.

---

## BIOSOLIDS LAND APPLIERS-IN-TRAINING CERTIFICATION

An "In-Training" certificate is an option available to individuals who do not currently meet the education and experience requirements for the class level for which they are applying, but feel they would be able to obtain what is required within a two year period. Applicants interested in applying for an "In-Training" certificate should contact ABC to discuss the benefits and limitations of this type of certification.

---

## CERTIFICATION EXAMS

- A certification exam is required for each level of certification. ABC exams are computerized. If your application is approved, arrangements will be made with Applied Measurement Professionals (AMP) to administer the certification exam to you. AMP charges a proctoring fee of approximately \$67.00 in the U.S., \$95 in Canada, and \$153.00 outside the U.S./Canada. These fees are subject to change without notice.
- Paper and pencil exams may be available in some locations. Please inquire about the availability of this option if needed.
- Information about topics covered on the exam as well as exam reference material are available on ABC's website at [www.abccert.org](http://www.abccert.org)
- If you require special accommodation due to a disability that may impair your ability to take the examination, ABC will endeavor to meet those special needs. You are responsible for submitting the Request for Accommodation Form with this application and providing documentation of the need for a special accommodation. A letter from a physician or a medical specialist knowledgeable of your disability must accompany the completed application.

***Please contact ABC to request a copy of the Request for Accommodation Form.***

---

## NONDISCRIMINATION

It is the policy of ABC that it shall not discriminate among applicants as to age, sex, race, religion, national origin, disability, sexual orientation or marital status.

---

## APPLICATION CHECKLIST

*Follow the instructions below and use the checklist to help insure that your application is complete before submitting it to ABC. Complete all sections of the application accurately and completely and provide all requested documents. Failure to do so will result in a delay of processing your application. Please allow 4 weeks before contacting ABC about the status of your application.*

## SECTION VIII: ACKNOWLEDGMENT

I, the undersigned, certify that I am the above applicant; that all statements made and information contained in this application are true and correct to the best of my knowledge and belief; that I understand that any omissions or misrepresentations may result in ineligibility for certification or revocation of any certificate granted. I understand that the enclosed fee is nonrefundable and that an additional processing fee may be charged if the application is completed incorrectly or is unreadable. Further, should I have received the certification under false circumstances, I will immediately surrender the certificate to ABC. I also consent to a thorough investigation of my application for the purpose of verification of my qualifications for certification. I also understand that by signing below I give ABC the authority to use and report this information and my test results. I waive all claims and agree to indemnify and hold harmless ABC for any action taken pursuant to the rules and standards of ABC with regard to my application, the ABC examination(s) and/or my certification except claims based on gross negligence or lack of good faith.
